A complete list of courses can be found at: [kansasregents.org/transfer\\_articulation](http://kansasregents.org/transfer_articulation).

Among this year's goals of the Board is the commitment to improve transfer and articulation of courses throughout the system by approving a quality assurance policy and by approving additional courses for transfer. Each approved course has established core outcomes, which are observable and measurable actions that students will be able to perform upon successful completion of a course. Core outcomes are developed by faculty led discipline-specific groups, which meet annually or as necessary to confirm or articulate learning outcomes and discuss courses for inclusion in the Kansas System-Wide Transfer process.

As established in policy, the Board believes transfer to be a crucial element within a seamless educational system, which offers the best resources to provide a high quality education.
