Kansas Board of Regents

2026 State University Data Book

## Section III Notes

### **General Notes:**

1. Definitions of terms in this section can be found in the Glossary.
2. State university student data can also be found on the Kansas Higher Education Statistics (KHEStats) web tool. The tool includes many tabs that provide data pertinent to this section, such as the “Enrollment”, “Credentials”, “Graduation”, and “Retention” tabs. KHEStats provides more robust historic data than the data books and can be accessed at [stats.kansasregents.gov](https://stats.kansasregents.gov).

### **Table 3.3: Demographic Profiles of Students at State Universities**

1. Totals include the six state universities, University of Kansas – Medical Center, and KSU – Veterinary Medicine Center.
2. The “% Change” column for Age and Race/Ethnicity does not reflect the change in percentage but instead reflects the percent change in the number of students in each category for the time period. This number more accurately reflects the change in student population.
3. Prior to AY 2022, Fort Hays State University reported their China campus students as Non-Resident Aliens. For AY 2022, they incorrectly reported their China campus students in the Asian and Unknown categories. After reviewing federal guidance, FHSU provided corrected AY 2022 numbers for the state university data book. Starting with AY 2022 in the 2023 State University Data Book, China campus students are now correctly reported in the Unknown category. Data for prior years has not yet been corrected.

### **Table 3.5: Average ACT Composite Scores Among Entering Freshmen**

1. ACT definition of entering freshmen differs slightly from that used by institutions. Therefore, average ACT scores reported herein may differ slightly from averages reported by state universities. The ACT scores include both resident and non-resident entering freshmen.

### **Table 3.6: Degrees and Certificates Conferred at State Universities by Type**

1. Certificates that do not lead to an industry-recognized credential are included under the “Other Awards” category. Certificates presented in Table 3.6 are categorized to reflect this new system of classification.
2. In Academic Year 2021, the University of Kansas had 13 awards from University of Kansas Medical Center programs. These awards were not initially included in the publication of the 2022 State University Data Book, but the data book has been updated, and these awards are now included in the “Other Awards” category.
3. In Academic Year 2022, Fort Hays State University submitted erroneous completion data. Upon request, the university provided corrected completion counts for each degree type. The corrected data was provided after publication for the 2023 State University Data Book, and for that reason Table 3.6 had not initially been updated to reflect these new counts. The corrected data for Academic Year 2022 has been published starting with the 2024 State University Data Book and will not match KHEStats.

### **Table 3.6a: Degrees Conferred at State Universities by Institution**

1. See notes for Table 3.6.

### **Table 3.7: Graduation Rates of First-Time, Full-Time Freshman**

1. This table includes undergraduate students who enter the Kansas public postsecondary system in the fall as first-time entering, full-time, degree-seeking students and shows the time it takes for the students to graduate from a Kansas public postsecondary institution.
2. Graduation rates are reported in 100 percent time, 125 percent time, 150 percent time and 200 percent time. The time can refer to four years, five years, six years and eight years for each of the rates for universities based upon 120 hours of completed coursework.
3. To the extent possible, IPEDS definitions are used for calculating graduation rates from KHEDS. A cohort of first-time, full-time degree-seeking students enrolled in the fall semester is used as the denominator. Of the cohort, those who graduate are used as the numerator.
4. KBOR does not track cohort exclusions; thus exclusions, as allowed by IPEDS, are not removed.

5. Prior to the 2023 State University Data Book, the data for this section was sourced from an institution-submitted survey. Starting in 2023 and moving forward, this section will be sourced from the KHEDS AY and Fall Census collections, to better align with the data presented in KHEStats.
6. The graduation rates for the University of Kansas cohort also include students who may have started as a first-time, full-time, degree seeking student at the University of Kansas and later attended or graduated from the University of Kansas Medical Center.
7. Starting with the 2025 State University Data Book, this table has been expanded to show six years of historic data instead of just the most current year's data.

**Table 3.8: One Year Retention Rate of First-Time, Full-Time Freshmen**

1. This table provides information on undergraduate students who enter the Kansas public postsecondary system in the fall as first-time entering, full-time, degree-seeking students who were enrolled (retained) in the Kansas public postsecondary system the following fall semester in which they first entered the system.
2. To the extent possible, IPEDS definitions are used for calculating retention rates from KHEDS. A cohort of first-time, full-time degree-seeking students enrolled in the fall semester is used as the denominator. Of the cohort, those who retain for the subsequent fall are used as the numerator.
3. KBOR does not track cohort exclusions; thus exclusions, as allowed by IPEDS, are not removed.
4. Prior to the 2023 State University Data Book, the data for this section was sourced from an institution-submitted survey. Starting in 2023 and moving forward, this section will be sourced from the KHEDS Fall Census collection, in an effort to better align with the data presented in KHEStats.
5. The retention rates for the University of Kansas cohort also include students who may have started as a first-time, full-time, degree seeking student at the University of Kansas and later attended or graduated from the University of Kansas Medical Center.
6. Due to data availability, prior data books reported cohort years with a one year lag. Beginning with the 2026 data book, the most recent data available is reported to align with other sources.

**Table 3.81: One-Year Retention Rate of First-Time, Full-Time Freshmen by ACT Score**

1. See notes for Table 3.8.

**Table 3.9: Undergraduate Transfers to State Universities by Institution**

1. Prior to the 2020 State University Data Book, this table used data from the Kansas Higher Education Enrollment Report (KHEER). The KHEER collection was discontinued in 2019 for public institutions and going forward, data from the KHEDS AY collection will be used to complete this table. As part of the data source change, this table has been expanded to include every Kansas public, postsecondary institution and will not match previously published data books.
2. Includes transfers to Kansas State University Salina.
3. Sector totals represent unduplicated student counts and may not match the sum of individual institutions.

**Table 3.10: Six-Year Student Success Index**

1. The data may have changed slightly for prior years due to the collection of additional data which improves the quality of data. Due to this slight adjustment in data, this table may not match exactly what was published in prior year data books.
2. More detail on the purpose and methodology of the Student Success Index can be found in the Glossary section.
